

DAKOTA GOLD

Revitalizing The Homestake District Of South Dakota

NYSE American: DC

Investor Presentation | August 2025

dakotagoldcorp.com

Dakota Gold is a South Dakota-based, responsible gold exploration and development company with a specific focus on revitalizing the Homestake District in Lead, South Dakota.

Disclaimer

Forward-Looking Statements

This communication contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. When used in this communication, the words “plan,” “target,” “anticipate,” “believe,” “estimate,” “intend,” “potential,” “will” and “expect” and similar expressions are intended to identify such forward-looking statements. Any express or implied statements contained in this communication that are not statements of historical fact may be deemed to be forward-looking statements, including, without limitation: our expectations regarding additional drilling, metallurgy and modeling; our expectations for the improvement and growth of the mineral resources and potential for conversion of mineral resources into reserves; completion of a feasibility study, and/or permitting; our expectations regarding free cash flow and future financing, and our overall expectation for the possibility of near-term production at the Richmond Hill project. These forward-looking statements are based on assumptions and expectations that may not be realized and are inherently subject to numerous risks and uncertainties, which could cause actual results to differ materially from these statements. These risks and uncertainties include, among others: the execution and timing of our planned exploration activities; our use and evaluation of historic data; our ability to achieve our strategic goals; the state of the economy and financial markets generally and the effect on our industry; and the market for our common stock. The foregoing list is not exhaustive. For additional information regarding factors that may cause actual results to differ materially from those indicated in our forward-looking statements, we refer you to the risk factors included in Item 1A of the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2024, as updated by annual, quarterly and current reports that we file with the SEC, which are available at www.sec.gov. We caution investors not to place undue reliance on the forward-looking statements contained in this communication. These statements speak only as of the date of this communication, and we undertake no obligation to update or revise these statements, whether as a result of new information, future events or otherwise, except as may be required by law. We do not give any assurance that we will achieve our expectations.

All references to “\$” in this communication are to U.S. dollars unless otherwise stated.

Dakota Gold

– A unique investment opportunity

Dakota Gold, NYSE American: DC is a unique investment opportunity for exposure to a U.S. development stage gold asset with high-grade exploration upside.

Advancing
Richmond Hill –heap
leach gold project with
robust IACF to
production
as soon as 2029

Two discoveries at
Maitland along strike
from
+40m Oz Gold
producing historic
Homestake Mine

Leadership team with
track record success
and local open pit and
underground mine
experience

Located in historic Homestake District
of South Dakota with existing
infrastructure

Principle Projects on Private Land
= Positive attribute for efficient
permitting with State and County

Fully funded \$41.2M
cash balance
(as at Jun 30, 2025)
provides years of
catalysts with no
dilution

U.S. Gold production vs consumption

- U.S. Annual Gold Production 2024: ~160 tonnes ¹
- U.S. Annual Gold Consumer Demand 2024: 209 tonnes ¹
(Consumer demand: sum of jewelry, bar and coin demand. Does not include technology or investment demand)
- Since the Homestake Mine closed in 2000, U.S. gold production has steadily decreased and does not meet domestic consumer demand.
- Richmond Hill as a U.S. owned and operated project could contribute safe and reliable gold production to reduce deficit.
- Newmont, the worlds largest gold company based out of Denver, currently has one mine in production in the U.S.
 - The Nevada Gold Mines (JV with Barrick) in Nevada accounted for approximately 17% of Newmont's total gold production.
- President Trump has designated gold as a critical mineral. The focus is securing a U.S. domestic supply chain and production of the minerals.
- Gold physical ETF holdings are up 284 tonnes YTD as of Aug 12, 2025 and on track to be the strongest year since 2020. ³

Richmond Hill - CN assay to fire assay ratio

- Metallurgical testwork indicates strong recoveries, amenability to heap leach processing with average gold recovery of 85% used in IACF

Metallurgical Recovery Estimates		
Material Type Process	Oxide Heap Leach	Transition Heap Leach
Gold	89%	65%
Silver	30%	20%

Richmond Hill - Location and infrastructure

Location:

- Project 15-minute drive from headquarters in Lead

Labor:

- South Dakota provides access to labor for exploration through to production

Infrastructure:

- Project has an existing powerline and road connected to grid

Richmond Hill - Timeline to production

1. See news release Oct 20, 2023 re Orion Mine Finance for details
2. See news release Feb 6, 2025 re Barrick Gold has extended the option period for the Richmond Hill option agreement until December 31, 2028 with Dakota Gold.

Richmond Hill

– Heap leachable resource review

S-K 1300 Mineral Resource announced in February 2025

- **Heap Leachable Mineral Resource:**
 - 3.65 M oz of M&I at 0.463 g/t Gold
 - 2.61 M oz of Inferred at 0.353 g/t Gold
 - 38.1 M oz of M&I at 4.83 g/t Silver
 - 22.8 M oz of Inferred at 3.09 g/t Silver
- **Combined Heap Leach & Milled Mineral Resource:**
 - 4.64 M oz of M&I at 0.470 g/t Gold
 - 5.06 M oz of Inferred at 0.381 g/t Gold
 - 47.8 M oz of M&I at 4.83 g/t Silver
 - 52.1 M oz of Inferred at 3.91 g/t Silver
 - The additional Milled material provides long-term optionality for the Project.

Richmond Hill

- Potential step-out & infill areas

- Mineralization is very shallow with portions of the resource exposed at surface.
- The heap leachable resource remains open to the north and in the southeast area of Richmond Hill.
- 2025 planned drill program ~80,000 feet (24,384 meters)
 - Drilling commenced Apr 1, 2025
 - Drill results will be reported as they are processed through the year.
 - Primary focus is to collect metallurgical samples for Feasibility Study, infill, and expansion resource drilling in the northeast corner of the Project area.
- Dakota Gold expects mining to begin in the northeast area of the Project as it is higher grade than the overall deposit.

Maitland Gold Project

– JB Gold / Unionville Zones

- Since commencing exploration in 2022, Dakota Gold has completed 73 drill holes totaling 63,448 meters at Maitland. In 2024, 35 drill holes were completed including 14 daughter holes totaling 25,172 meters.
- JB Gold Zone
 - Three distinct ledges (34, 35, 36) have been discovered at Maitland in the JB Gold Zone.
 - The width, grade and stratigraphy of intercepts identified are analogous to the gold mineralization found in the West Ledge System at the historic Homestake Mine which produced ~6 million ounces of gold.
 - Average grade of the West Ledges was 11.63 g/t Au over an average thickness of 6.1 meters.
Average grade of the JB Gold Zone is 10.76 g/t Au over an average thickness of 4.0 meters.
- Unionville Zone
 - A new tertiary mineralization discovery at Maitland.
Average grade from the 25 drill holes is ~ 4 g/t Au over 6.4 meters.

Maitland Gold Project - High-grade exploration optionality

Maitland Gold Project

James Berry
Vice President
Exploration

"The opportunity we see at Maitland is unique in that we have the possibility to access two distinct types of mineralization."

The Homestake Mine and Maitland are Banded Iron Formation, similar to the Musselwhite deposit in Ontario, Canada which contained approximately 6.3 million ounces of gold at a grade of ~6 g/t Au."

LEGEND

Showing select intercepts at Maitland

Homestake Mineralization

- 34 Ledge
- 35 Ledge
- 36 Ledge
- 37 Ledge

Homestake Intersections
10.76 g/t Au / 4.0 m average

Tertiary Mineralization

- Unionville Zone
- Other Tertiary Targets
- Tertiary Intersections
4 g/t Au / 6.4 m average

The objective of the 2025 drill program will be to join the mineralized areas of the 35 and 36 Ledges

Maitland – Unionville Zone Long Section

- To date 25 drill hole intersections have been made into the tertiary Unionville Zone averaging a grade of ~ 4 g/t Au over 6.4 meters

Dr. Stephen O'Rourke
Co-Chair
and Director

"Dakota Gold is committed to sustainable development as a core value, as further articulated in our Environmental and Community Relations Policies."

Dakota Gold is a Responsible Miner – Sustainability Highlights 2024

HEALTH AND SAFETY

- **Achieved 4 YEARS with ZERO Lost Time Incidents** (2021 to 2024)
- Voluntarily provided full Mine Safety & Health Administration training to our workforce

ENVIRONMENT

- **ZERO Reportable Environmental Incidents** since commencing drill programs
- Strong environmental team with deep permitting experience
- Demonstrated commitment to concurrent reclamation, with more than 20 acres of exploration pads reclaimed through year end 2024

COMMUNITY

- **From 2019 to 2024, more than \$100 Million has been Invested in South Dakota** through payroll, payments to vendors and contractors and purchases on land and buildings
- **Hosted over 77 Community Engagement Events in 2024**

GOVERNANCE

- ESG Committee oversees strong policies including:
 - Code of Ethics
 - Community Relations Policy
 - Environmental Policy
 - Anticorruption Policy
- Expert Board and Management team with extensive experience advancing exploration projects through to production, including direct technical experience working in the Homestake District with open pit and underground mines.

Richmond Hill - Ready to become one of the next independent US gold mines, in a market with limited assets

Project & Approx Start Date

Source:

- Latest available public company information as of August 7, 2024

- Dakota Gold has published an Initial Assessment with Cash Flow for Richmond Hill on July 7, 2025 that outlined an average of 150,000 ounces of gold production per year over a 17 year mine life for the M&I Plan.

* Production start date unknown

Company	EV (US\$M)	2025E Prod'n (AuEq koz)	100 kozpa as % of production	EV (US\$M) per 100kozpa
Alamos Gold	\$11,392	588	17%	\$1,939
B2Gold	\$5,494	991	10%	\$554
Buenventura	\$2,891	443	23%	\$653
Coeur	\$6,363	646	15%	\$985
Equinox Gold	\$5,949	809	12%	\$735
OceanaGold	\$3,335	529	19%	\$630
Orla Mining	\$4,135	290	35%	\$1,427
New Gold	\$4,512	442	23%	\$1,022
Hecla	\$4,361	345	29%	\$1,264
Evolution Mining	\$11,312	1,012	10%	\$1,118
Average	\$5,974	609	19%	\$1,033

Dakota Gold is targeting 150 koz of annual production which would indicate a potential for \$1.5 billion in Enterprise Value (EV)

Production estimates based on BMO Equity Research Models at Street consensus pricing, otherwise based on FactSet estimates as of July 7, 2025

Directors and Management

~92% of Dakota Gold employees live in South Dakota with 13 South Dakota School of Mines alumni, students or former faculty

BOARD OF DIRECTORS

Robert Quartermain
Co-Chair, Director, and CEO

Past Executive Chairman of Pretium Resources Inc. and CEO of Silver Standard. Inducted to Canadian Mining Hall of Fame in 2022.

Stephen O'Rourke
Co-Chair and Director

Former President of Global Petroleum Exploration for BHP Billiton.

Jennifer Grafton
Director

Currently serves as Lead Independent Director of Farmland Partners, Inc. and most recently served as EVP & General Counsel of E2open Parent Holdings Inc.

Todd Kenner
Director

More than 40 years experience in engineering design and business management. Former CEO of RESPEC from 2009 to 2024.

Kevin Puil
Director

Over 25 years of experience in the resource investment sector. Managing Partner of RIVI Capital LLC, a private equity firm specializing in precious metals.

Alice Schroeder
Director

Serves or has served on numerous public company boards including, Stellantis, Carbon Streaming Corp., Natus Medical Inc., HSBC North America Holdings Inc., and Prudential plc.

MANAGEMENT

Jack Henris
President and COO

More than 35 years of experience in the mining industry. Former COO for Hycroft Mining and held various senior management roles for Newmont Mining, Stantec, Goldcorp and Barrick.

Shawn Campbell
CFO

Former Chief Financial Officer of GT Gold Corp. Experience with both Goldcorp, Newmont and the Wharf Mine.

Amy Koenig
SVP Chief Legal Officer & Corp Secretary

Former VP, Governance, Corporate Secretary & Deputy General Counsel for Black Hills Corporation (BHC). Prior to joining BHC, Ms. Koenig was a litigator at Gunderson, Palmer, Nelson & Ashmore LLP.

James Berry
VP, Exploration

10 years with Homestake Mining Company and worked for Goldcorp at Wharf, in the Homestake District. Previously Director of Geology and Exploration, Romarco Minerals.

Mark Rantapaa
VP Operations

Over 36 years in mining including 26 years with Barrick Gold Corporation. South Dakota School of Mines and Technology / BS Geological Eng.

Carling Gaze
VP of IR and Corp Communications

Over 15 years experience in resource, former Senior Investor Relations and Corporate Comm's Associate of Pretium Resources Inc.

Ron Everett
Sr. Manager – Business

Former Mayor of Lead with 47 years of experience in mining including Administration Manager of Wharf Mine and Richmond Hill Mine.

Elizabeth Sailer
VP, External Relations

Over twenty years of experience in public, governmental and media relations, communications and partnership collaborations throughout South Dakota. South Dakota School of Mines graduate.

Timm Comer
Environmental Director

Three decades of experience in environmental permitting, policy development, and compliance program implementation of mining properties with effective operation, reclamation, and closure focus. Black Hills State University graduate.

Bill Gehlen
Sr. Manager - Geology

Former Manager, Corporate Development at Gold Standard Ventures and former Manager, Resource Development with OceanaGold.

2025 Transformational Year Leading to the Next Era of the Homestake Gold District

CATALYSTS:

- ✓ **Announced Heap Leachable Oxide Gold Resource of 3.65 Moz of M&I resources at Richmond Hill in Q1 2025**
- ✓ **Announced close of \$35 Million financing in March 2025**
- ✓ **Announced robust Richmond Hill Initial Assessment with Cash Flow in July 2025**
- **Commence Feasibility Study work for Richmond Hill mid-2025**
- **Continue infill and step-out drilling at Richmond Hill**
- **Ongoing permitting studies**
- **Reviewing Maitland data for a maiden resource and follow up drill program**
